MISSION STATEMENT

The principal mission of the Chemung County Sheriff's Office is to preserve the rights of citizens and reduce fear in the community through the prevention of crime, protection of persons, property and maintenance of order in public places and anticipate and respond to events that threaten public order and the protection of life and property.

It is essential all personnel remember that in the execution of their duties they act not for themselves but for the good of the public. They shall respect and protect the rights of individuals and perform their services with honesty, zeal, courage, discretion, fidelity and sound judgment.

Deputies must seek and preserve public confidence by demonstrating impartial service to law and by offering service and trust to all members of the public.

It is the expressed policy of this Agency that Deputies will use force only when the exercise of persuasion, advice and warning is found to be insufficient to obtain public cooperation to an extent necessary to secure observance of law or to restore order and to use only the minimum degree of physical force which is necessary upon any particular occasion for achieving a police objective.

The Chemung County Sheriff's Office is a New York State Department of Criminal Justice Services accredited agency. The Sheriff's Office has held this status since 2010. As of 2023, there are nearly 174 agencies located all over the state that are currently accredited, ranging in size from a small handful of full-time officers to more than 4,000 sworn personnel. Insurance benefits, enhanced community support, and a greater overall standard of professionalism are just a few of the many tangible benefits that accredited agencies enjoy.

The positive impact of the Accreditation Program stems from the profound commitment that New York's law enforcement executives have made to excellence and professionalism in the field of law enforcement, and from their desire to provide the best possible services to the communities that they serve. The Accreditation Program continues to provide a comprehensive blueprint for effective, professional law enforcement, (New York State Division of Criminal Justice Services).

From the Sheriff:

The Office of the Sheriff is known as the "Peoples Law Enforcement". This is, in part, because the Sheriff is elected by the people. Sheriff's Offices are responsible for conducting law enforcement duties in the rural parts of the county, as well as running and maintaining a full-time correctional facility and E-911 center. Sheriff's Deputies have jurisdiction in the entire county, which consists of 412 square miles. While Sheriff's Deputies frequently and routinely provide back-up to other agencies within the county, their main duties and responsibilities fall to the citizens who live in the rural parts of the county who oftentimes don't regularly see a police presence. These create many unique challenges to the Road Patrol Deputy that they must adapt to on a daily basis. These challenges include, but aren't limited to, dealing with armed suspects, vehicle pursuits, mental health persons, individuals under the influence of drugs and/or alcohol, domestic cases, executing warrants, conducting vehicle stops, and etc.

Equally challenging, is the correctional facility which houses a maximum of 262 inmates (both male and female). These inmates are incarcerated for a variety of charges, ranging from minor Misdemeanors to violent Felonies. Some inmates are housed for brief periods of time up to, and in some cases, exceeding one-year. Our inmate population provides a variety of challenges ranging from violent behavior, disciplinary problems, medical issues, pregnant females, escape attempts, assaults on staff, suicides, to mental health and detoxing individuals.

In 2023, we added the E-911 Center as the fifth division of the Chemung County Sheriff's Office. The men and women of this division remain our unseen heroes. They are responsible for receiving nearly 200,000 calls annually! Ninety percent of those calls are law enforcement related, but also include calls for medical or fire services as well as other miscellaneous requests. This does not include any outgoing calls they have to make in the course of their shift. In addition, each dispatcher goes through extensive training to include typing, emergency medical dispatch, communication, etc. prior to being allowed to dispatch on their own.

Each year presents new innovations or ideas and certainly new challenges. As your Sheriff, I look forward to these many challenges that we face as an agency and a community. I am proud to be the Sheriff of this county and especially proud to be a member of an agency that has such deep roots within the history of our county. In 2023, the Chemung County Sheriff's Office, and all men and women of law enforcement, were faced with challenging times.

2023 Accomplishments:

The Chemung County Sheriff's Office had a busy 2023. Many goals and objectives had been put in place for the 2023 year, which we were able to achieve. These goals and objectives included;

We were able to complete the implementation of the I-pad tablets within the Chemung County Jail which are utilized by the Incarcerated Individual (II) population. This helps cut down on II movement within the facility as well as providing other benefits to both the II and facility staff.

We unexpectedly expanded our SRO/SPO program into the Horseheads School District after the Village of Horseheads Police Department was unable to provide that service any longer.

We were able to assemble and successfully meet the mandates of the Threat Assessment Management (TAM) Team to evaluate and monitor any potential local threats related to Domestic Terrorism and work collaboratively with a variety of partners on that team to address any threat that may arise. These teams were created after the tragic Buffalo, NY shooting.

We added the E-911 Center to our agency making it our fifth division. This addition added another twenty-two (22) individuals to our staff.

We were able to install new dispatch workstations and instituted lamresponding software to all area fire departments. This provides each FD with a backup for their paging system and better reporting of incidents they respond to.

Overgrown trees and shrubs were removed from around the CCJ rec yard fence, eliminating the concealment for contraband to be thrown into the rec yard directly to Incarcerated Individuals.

Moving forward:

The Chemung County Sheriff's Office is committed to maintaining our achieved accomplishments and agency professionalism throughout the year. We will work hard to achieve this with goals and objectives set in place for 2024. These include, but aren't limited to, the following:

After many years being located on William St., we will be looking to move to another location located on the corner of Lake St. and Market St. This will provide us with much needed space for personnel, equipment, evidence, training, and etc.

Continue to improve the 911 Center with updated software and abilities to better serve the community.

Begin a multi-county radio project which will update our radio software and hardware.

Continue to work hard to get all divisions of the Sheriff's Office to full staff in order to provide the best service possible to the community.

Will look to finalize and implement a new SheriffApp2024 for the community to better portray the multi-facets of the agency and provide real-time information to the public.

In closing, I wish to thank the men and women of the Chemung County Sheriff's Office for their continued hard-work, dedication, and professionalism to the community in which they serve. I would also like to thank the community for their support of our efforts to achieve our goals at the Sheriff's Office to better serve them.

If you have any questions in reference to the Annual report or any other concerns you wish to discuss, please do not hesitate to contact me. I can be reached at 607-737-2987 or by e-mail at sheriff@chemungcountyny.gov.

Sincerely,

HR 218

HR 218, is known as the “Law Enforcement Officers Safety Act”, which was signed into law on July 22, 2004 by then President George W. Bush and exempts qualified active and retired law enforcement officers from local and state prohibitions on the carrying of concealed firearms. Both the “qualified active law enforcement officer” and “qualified retired law enforcement officer” must meet the definition of just that outlined in the bill.

The Chemung County Sheriff’s Office holds HR 218 firearms qualification for qualified retired law enforcement officers twice annually. The qualification is held at the Sheriff Charles D.W. Houser training facility located in Breesport. The average class size per training is generally twenty retired law enforcement officers who are from the Chemung County Sheriff’s Office, Elmira City Police Dept., Horseheads Police Dept., Elmira Heights Police Dept., New York State Police and New York State Corrections. In 2023, the Sheriff’s Office certified 37 qualified retired law enforcement officers

Community Outreach:

The Sheriff's Office participated in various Community Outreach events to include Town Hall meetings and Community related events in an effort to engage the community. These events afforded the community the opportunity to voice their concerns relating to issues in their respective communities as well as allowing the Sheriff's Office to formulate plans to address these concerns. This has led to an increased focus on community policing, especially in rural areas.

Special Enforcement Details:

Thirty (30) enforcement details were conducted to include drug and illegal weapons interdiction. Since the increased utilization of hotels by criminals in an effort to avoid detection, there has been a focus on enforcement at these locations. Hotel management struggles with this and the Sheriff's Office has offered assistance in an effort to reverse this trend. Several of these details involved the various police departments in the area working collaboratively. Examples of multi-Agency Details were a Gun Violence Detail in Elmira, Warrant Sweeps, a Meth Detail to identify dump sites and make the sites safe, and Prostitution Details. Thirty-two (32) arrests were made resulting from the details conducted in 2023.

The Sheriff's Office hosted three (3) trainings for area Law Enforcement with the focus on pro-active enforcement and continues to host monthly intelligence sharing meeting with area law enforcement.

Community Presentations

The Sheriff's Office conducted over 22 presentations to the community in 2023;

Community Outreach:

For over 100 years, The Arctic League has provided gifts for Christmas morning to needy children in Chemung County. In 2023, Arctic League volunteers delivered gifts to thousands of children in Chemung County on Christmas Eve!

Pharmaceutical Medication Drop-Off Program:

Since 2010 the Chemung County Sheriff's Office has participated in the National Take-Back initiative in conjunction with the DEA. Each year the events have netted significant results in collecting expired and unused medications that otherwise would be disposed of improperly or possibly stolen.

Pharmaceutical Medication Drop-Off Program:

On Saturday April 30, 2023 and Saturday, October 28, 2023 the Chemung County Sheriff's Office hosted two drop-off sites in Chemung County. The location and results are as follows:

Community Outreach:

Shop With A Cop

“Shop with a Cop” is a national community policing program that has been in existence for over two decades. It has long been noted that relationships between law enforcement and their respective communities have been very strained, especially in today’s society. The initial intent of the “Shop with a Cop” program was to be utilized as a community policing function to assist and address the issues of repairing these strained relationships. One methodology of community policing is to build positive relationships with the younger kids, ages 5 and up, within the communities. The effects of the program are multi-faceted and indispensable. “Shop with a Cop” hopes to break down the barriers between the communities, in which we as police serve, with the intent of developing a better and more trusting relationship, beginning with our youth.

Sheriff's Summer Camp

The Chemung County Sheriff's Office participates in the New York State Sheriff's Association Institute Summer Camp located on Keuka Lake every summer. The camp is for boys and girls between the ages of 9 and 12 who, would not have an opportunity to attend a summer camp or enjoy a summer vacation. Three weeks every summer, dozens of children from Chemung County attend the camp, free of charge, and enjoy all that the camp has to offer. The camp promotes healthy activities for the kids and at the end of the week the campers learn that some of the counselors, whom they become friends with, are really Deputy Sheriffs from around the state.
